Name of the Project *

Aim for a short, unambiguous, and memorable title for your project/team. Your project name should reflect what makes your project unique.

Hipograf

One paragraph description of the project *

You should write a high-level summary of your project. It must be very-well written and checked many times. Avoid going deep into details or background of the problem you volunteer to solve. Remember the elevator speech and pitching concept, use it.

Hipograf is a medical information visualization tool. It provides a way for all medical practitioners and patients alike to view their medical records in a more useful and intuitive manner. Hipograf will integrate with the E-Nabız medical record database to provide a unified platform to use for information visualization.
